

KRIYAYOGA MEDITATION

as taught by Kriyayoga Master, Swami Shree Yogi Satyam

KRIYAYOGA SCIENCE

False concepts of devotion and an illusionary imagination about God are the root causes of all problems of life: personal, familial, national, global, and universal.

Kriyayoga meditation is non-sectarian, and the easiest, fastest and the most scientific, time-tested technique. It brings the realization of Truth about God, devotion in God, religion, and overall it raises the intelligence quickly when practiced with complete joy, patience and devotion.

Many medical doctors, engineers, professors, and people of all walks of life have demonstrated the complete cure of physical and mental illnesses in short periods of time, such as malignant breast cancer, colon cancer, diabetes, high blood pressure, osteoporosis, fibromyalgia, psoriasis, obesity, bronchial asthma, depression, and more.

For the first time, you will realize that the science of Kriyayoga is the complete education of all kinds which includes everything of the past, present, and future of all creations.
