

GURUJI SWAMI SHREE YOGI SATYAM

KRIYAYOGA MEDITATION

as taught by Swami Shree Yogi Satyam

False concepts of devotion and an illusionary imagination about God are the root causes of all problems of life: personal, familial, national, global, and universal.

Kriyayoga meditation is the easiest, fastest and the most scientific, time-tested technique. It brings the realization of Truth about God, devotion in God, religion, and an overall high-intensity intelligence when practiced with complete joy, patience and devotion.

For the first time, you will realize that the science of Kriyayoga is the complete education of all kinds which includes everything of the past, present, and future of all creations.

We are honoured by your presence to participate in experiencing Truth so that peace, joy, and all well-being strength may radiate everywhere, within and around.

Wear comfortable clothing. Bring a notebook and pen, and a blanket or pillow for class. Chairs available. Bring a sleeping bag.

Yog Fellowship Temple
