Kriyayoga Magh Mela News-

The inauguration ceremony of Kriyayoga Magh Mela Program took place on the auspicious date of January 23<sup>rd</sup>, 2014. It was on this same day in 1936 when Paramahansa Yogananda visited and blessed the Mahavatar Babaji Banyan tree at the Kumbha Mela area. It was on January 23<sup>rd</sup>, 1936 that he also experienced the future of India, that it will be a bright nation in all dimensions.

Paramahansa Yogananda forecasted his future plan on the holy occasion of the last supper of his departure from this earth into the astral world through the gateway of mahasamadhi, at 9:30 p.m. in the Biltmore Hotel in Los Angeles on March 7<sup>th</sup>, 1952.

January 23, 2014 is very important because the past, present, future of India and human civilization was explained by Swami Shree Yogi Satyam and was experienced by all deep practitioners of Kriyayoga meditation who attended the Kriyayoga Camp at Triveni Road, adjacent to Pontoon Bridge #2 on the Holy bank of Ganga.

The true idea and thought about Kriyayoga science was explained by Swami Shree Yogi Satyam, which explains ultimate reality behind each and every thing, idea, thought, concept and object. It was explained that a person who walks on the straight line (Rizu Rekha) is known as Rishi. Swamiji explained that learning how to draw a straight line and walk along a straight line cannot be explained using present engineering and scientific terminology.

Through the practice of Kriyayoga intuition power is awakened quickly. Through intuition we realize that Kriyayoga science is the perfect and complete subject because it gives the perception that no one can draw a straight line by using a scale or using any tool because the earth is round and each and every point on the earth is affected by gravitational forces. The average person is not able to walk the straight line because they live life based on the concept of duality.

Only through Kriyayoga practice with the help of thoughts and ideas we can draw the straight line and be able to walk on the straight path, which symbolizes Immortality and our oneness with God consciousness.
