Kriyayoga Magh Mela News

Kriyayoga is the Highest Teaching for Humanity

Many people gathered together from all over the world to participate in the Kriyayoga Camp conducted by Swami Shree Yogi Satyam of the Kriyayoga Ashram and Research Institute today. International Kriyayoga devotees from countries such as Brazil, USA, Canada, Czech Republic and Russia along with many Indians enjoyed the lecture and guided meditation provided by Swami Shree Yogi Satyam.

During the program, Swami Satyam explained that Kriyayoga meditation is the royal highest way to experience divine communion of Truth-Realization between creation (human being) and Creator (God). Its practice is a joyous celebration—the discovery of the Absolute, Spirit. During the course of practice of Kriyayoga meditation, the devotee experiences hidden Cosmic technology of all manifestations. The visible universe is an evolution of this Singular Reality through the Cosmic Delusion – Maya. Maya is the ‘Magical Divider’ that makes the One to appear as many embracing Self. Just as a dreamer differentiates his one consciousness into many dreams, so the Creator - God, the Cosmic Dreamer, has separated His consciousness into Infinite varieties of Cosmic creation. Exactly in the same way, the human being is dreaming about the existence of many.

Swamiji continued by saying that in Kriyayoga meditation, when one realizes the Ultimate Truth, then one experiences infinite varieties of creation like the waves of the ocean where the Creator is the ocean. Kriyayoga meditation is the scientific reunion with the Cosmic Dreamer through Samadhi where Cosmic Dream illusion terminates and the devotee realizes the existence of God alone.

During the lecture, Swami Satyam explained to the audience that God Realization cannot be attained merely by reading a book and experiencing various entertainments in the form of dream movies. Kriyayoga meditation is the realization of the state of Yoga, which is the state of reunion of human consciousness with God’s Cosmic Consciousness.
