Kriyayoga Magh Mela News

True Celebration of Republic Day of India

“The perfect celebration of Republic Day is to practice Kriyayoga Meditation”, declared Swami Shree Yogi Satyam at the Kriyayoga Camp at Magh Mela on Triveni Road. Many international devotees from USA, Canada, Russia, Czech Republic, etc. joined with Indian devotees to participate in the festivities at the Kriyayoga Camp.

Elaborating on the meaning of Republic Day, Swami Satyam said that ‘Day’ represents light or knowledge and ‘public’ represents the people. When one practices Kriyayoga and enters into samadhi then one realizes that the people existing today are actually the reincarnation of the same people who existed in the past. This realization is the True Knowledge and is symbolically demonstrated as ‘day’. Our existence is Eternal which is traditionally known as Sanatan.

Swamiji continued by saying that Republic Day is perfectly honoured only when one strives continuously to awaken all hidden knowledge within. He stated that the nature of the human being is to remain one with complete unit of knowledge – knowledge of creation, preservation and change. When any person or anyone experiences this knowledge, then one realizes his nature as ever-existing, ever-conscious and ever-new Bliss. Kriyayoga meditation fulfills this desire easily.

People have a comprehensive guide for spiritual knowledge and this guide is Srimad Bhagavad Gita, four ponderous Vedas, 108 Upanishads, six systems of Hindu philosophy, Bible and Quran, etc. Realization of all of these is easily achieved in Kriyayoga meditation. The knowledge of science and technology, astronomy and astrology, history and geography, and many other subjects is also ingrained within Kriyayoga meditation. In short, the entire knowledge of all kinds is packed within Kriyayoga Science.

Swami Satyam stated that the aim of the Kriyayoga Camp is to spread Kriyayoga meditation in the most scientific and easiest way to fulfill dreams and desires of incarnations in order to realize oneness with complete unit of knowledge – knowledge of creation of all things, preservation of all things and change according to need. Whenever a human is in perfect devotion in practicing Kriyayoga meditation, they realize their consciousness as ever-existing, ever-new Bliss and one with the knowledge needed at the moment. However, when a person gets detached from Kriyayoga meditation immediately the realization of their ever-existing, blissful nature and awakened knowledge enters into dormancy. In this state, the human being realizes three-fold suffering – physical, mental and spiritual.

Swami Shree Yogi Satyam concluded that the aim of human beings should be to practice Kriyayoga meditation until they realize that their entire existence is the consciousness of Kriyayoga and they never feel knowingly or unknowingly apart from it at any time. In this state, human beings attain the realization of their oneness with God.

Kriyayoga classes are held daily at the Kriyayoga Camp located on Triveni Road adjacent to Pontoon Bridge #2. Classes are from 7 to 9 a.m. and 2 to 6:30 p.m. All are welcome to attend these very informative sessions conducted by Swami Shree Yogi Satyam.
